

### CHILD SPONSORSHIPS

The last quarter of the year was very encouraging to us as we were able to speak at several churches about Project James and of course finally get back down to Haiti to see all the folks we have come to love. The surge in child sponsorships to close out the year topped off the year. In our September newsletter we gave you a report that we had 20 children sponsored. In the 4th quarter we picked up 15 new sponsors and have added one in January so far for a total of 36 children sponsored. THANK YOU and PRAISE GOD! We have six children at the orphanage

who need a sponsor. There are four of the six here in this article that desperately desire to have a sponsor.

Franciscot's Mother works at the orphanage and her home was destroyed in the quake.

Marc is a wonderful young man with a thirst to learn.

Pame is just a ham as you can tell posing for the camera.

Will you consider partnering with us for \$35.00 a month for these young men?

### HAITI MISSION TRIP

Our next mission trip is on March 10-17, 2012. We are looking forward to getting back down there again. We still have some spots open if you would like to join us but time is running out to make this trip with us. Our cost for the trip will be \$1200.00 per person this time. We have tried our best to keep

the cost at \$1000.00 per person but the Airline tickets continue to soar. We actually had to eat some cost on the last trip with all the delays and new fees at the airport.

We ask you to pray for us and those joining us on this trip. Rhonda and I need to raise

\$2400.00 by March 1st for this trip.

## SPONSORSHIP LETTERS

This was the first time since Project James was founded that we had the children write letters to their sponsors. It was a mixed blessing for us. As we gathered the children who had sponsors to write the letters. The other children who did not have a sponsor began to come over to see what we were doing and wanted to know

who their sponsor was, you could see the disappointment in their faces as we tried to explain. Rhonda and I were both devastated that we had not handled the situation appropriately and of course our hearts were breaking for these children who wanted to know why they didn't have a sponsor. A great source of

joy came from the children for us as they realized they didn't have a sponsor they wrote letters to Rhonda and I and told us how much they loved us and appreciated us coming to see them. It was organized chaos at best with both highs and lows for Rhonda and I as well as the team members who helped us with this effort.

## HAITI TWO YEAR ANNIVERSARY

It is hard to believe it has been two years since the earthquake hit Port Au Prince, Haiti on January 12, 2010. We have seen a lot of progress on the site at Christian Light School. There are two new structures being built one to add much needed class rooms and one to house larger sized and more

teams. Right now we have two rooms for teams with a bath room in each room. It works pretty well for smaller sized teams but can be a challenge with larger teams. The children are all finally in class rooms and out of the shelters and tents but we have children doubled up in some class rooms with

just a wood partition separating them. It will take about \$60000.00 to get these two new structures up and useable. Please pray with us for these funds. There are still over a million people in Haiti living in tents. There is much that still needs to be done in Haiti and at Christian Light School.

### Proverbs 21:13

He who shuts his ear to the cry of the poor will also cry himself and not be answered.
