## CHILD SPONSORSHIPS

Dear Sponsors and Donors,

During our recent trip, we had an opportunity to talk with each child attending Christian Light School; to hear their dreams and hopes for the future. We would like to introduce you to Cleopharne, Dawsonson, Malachy and Phara; four amazing individuals who dream of rebuilding their country.

Cleopharne is in 9th grade, studying in Mr. Robenson's class. She is often responsible for the laughter that can be heard from her classroom, as, in her own words, she "likes to talk a lot" and enjoys having "lots of friends". When she finishes school, Cleopharne wants "to be a great, great diplomat", and help rebuild and shape her country.

Dawsonson enjoys math and history, and wants to be a scientist when he completes school, so that he can "study the insects". He also enjoys playing soccer when his studies are finished for the day.

Malachy's smile is always ready. He prefers math over all of the other subjects he is studying, and wants to build houses for others (beginning with his parents) once he completes school.

Phara enjoys studying math, chemistry and biology most in school. When asked what she wants to do after completing school, she responded that she "pray[s] to be an astronaut".

These incredible children need our support as they pursue their dreams.

### SPECIAL POINTS OF INTEREST

- Child Sponsorships
- Updates from the November trip to CLS
- Christmas in Ecuador
- Happy Thanksgiving

## CHRISTMAS FOR ORPHANS

As we're nearing the Christmas season, please consider joining us in providing a memorable Christmas celebration for the children of Benemerita Sociedad de Protectora del la Infanciato.

In addition to purchasing necessities and toys, the funds will be used to take each child

to a local waterpark for a Christmas outing, as well as to purchase cymbals for the children's shared drum set.

Please join us as we provide the gift of a celebration for the children during Christmas, reminding them they are valued, celebrated and not forgotten.

**Spoke with Tony last night and the number of children that need a sponsor is 67 that's double the size of last year.**

## MISSION HAITI

Thank you all for supporting us financially as well as through your prayers as we recently traveled to Haiti. The team experienced no difficulties with flights or illnesses, and we were able to work with multiple ministries for community feedings, as well as completing a few small maintenance projects on site. We were also able to “interview” each child attending CLS, which provided opportunities to get to know

them individually, and made it possible for us to witness the incredible impact that the staff and teachers of CLS are having on the children.

In addition to these opportunities, three members of our team were able to travel into the Ravine with Ms. Sherrie’s employees to feed the children. The Ravine is a neighborhood of corrugated tin, cement block and tarps, where many families try to

support multiple children on less than \$4 per day.

It is here that Ms. Sherrie’s daily feeding program takes place, providing peanut butter balls and other sources of protein for the infants and toddlers; to combat the malnutrition that leaves so many children with lifelong illnesses and learning disabilities.

The children are fed, weighed and monitored to ensure that

## MISSION HAITI (CONTINUED)

the food is being given to them, rather than to neighbors or other family members.

After the children reach their third birthdays, they are tested for learning disabilities, and based on this criteria, may be accepted into Christian Light School, where they will receive one of the most competitive educations offered in the country, and will begin to build a personal

relationship with Jesus, as they are taught about His life and His gifts to us everyday.

The team traveling into the Ravine helped weigh the babies for Ms. Sherrie’s records, as well as distributing the food to the young siblings. We also met Sadrak, who is part of the *restavek* population; children who do not attend school, because they are forced to work as slaves. Sadrak’s younger sister is part of the

feeding program, but he is too old to be accepted into the program. Instead, he served his sister her meal, and in the afternoon, once his day’s work is completed, he joins the afternoon class offered at Christian Light School for *restavek* children, so that he can receive the benefits of education, even though he cannot attend school.

He is the only child in the Ravine who dared to smile.

## HAPPY THANKSGIVING!

**Thank you so much to each of you who supported our recent trip to Haiti, financially and through your prayers for us.**

We appreciate your faithfulness in partnering with Project James and Christian Light School as we support the children who are pursuing the “future and hope”

that our Father has promised each of them. Haiti will be forever changed because of your faithful support of the children.

**We’re so grateful that you’ve chosen to serve as part of the Project James/Christian Light School family, and we hope that each of you have a very Happy Thanksgiving!**

*All Donations made to Project James are Tax deductible per IRS code of a 501(c)(3) organization.*

Please make checks out to Project James and mail to P.O. Box 15312 Surfside Beach, SC 29587.
