## Stop? Wait a Minute!

Too many bills to pay? Too few hours at work to make ends meet? Disheartened that you don't have the funds to sponsor a Project James child? You aren't the only one! Yes, \$35.00 for a child sponsorship every month changes the lives of the children and provides them with a fighting chance at a future they otherwise would not have. We at Project James know you want to sponsor one of the children we always feature. We also know that you are sometimes tight on money. However, there are still ways you can still help the children even when you are running low on funds. Interested? We knew you would be :)

One way to help is to share the newsletter with your friends and family. Talk about the articles with them, and share with them the opportunity to help the children through the organization. The Project James newsletter is

available in electronic format in addition to the print version. To sign up for the electronic newsletter, contact Jeff Cole at [Jeff@ProjectJames.org](mailto:Jeff@ProjectJames.org)

Follow Project James on Facebook and Twitter! Like, share, and retweet Project James to your friends and family. Help us get the word out!

Remember, it is important to get sponsors for these children who rely on us, but is equally important that we help them in any way possible. Project James also accepts donations via PayPal (that are tax deductible). Please see the Ministry Partners section of the newsletter or our website for additional donation details. Every dollar matters!

Friends, if you can't give to Project James, remember you can always give Project James to someone else!

## Child Sponsorships

These four amazing children are from the Christian Light School. Children can be sponsored for less than the cost of a dinner out with family or friends. It is only \$35.00 a month to help a child in need.

Gyvenson

Gyvenson is a big ball of energy! This boy loves to laugh. He is also very intelligent in and outside of the classroom. His favorite subject is writing. "I like to write songs," he says. His free time mostly consists of soccer, playing or watching his brothers play. Becoming a professional player is what he looks forward to most

This is Vidlon. He is 7 years old and in the 1st Grade. His favorite playtime activities are playing with trucks and eating. Vidlon's father brought him to the orphanage before the earthquake because he had no food to provide for him. Vidlon's Father was killed in the earthquake. Despite this tragedy, Vidlon continues to smile brightly and bring a smile to all who meet him.

Vidlon

Octaline

Octaline's desire in life is to be a professional ice skater or a singer who writes and performs her own music. While she's in school, however, her favorite thing to study is mathematics. She's a girl with big dreams and a ready smile that she willingly shares with her friends.

When Yvona shared her career goals after school, she started with "I have a lot of dreams". She wants to be a missionary "in any city that's never heard about God", and to work in government, "to help the children in Haiti who are in the street to go to school". She is also interested in science, because she wants to explore, and she explores the realms of knowledge through her love of reading.

## Ministry Partners

We here at Project James sincerely appreciate your faithfulness in partnering with us and the Christian Light School as we continue to support the children who are actively pursuing the "future and hope" that Our Father has promised to each of them. Circumstances in Haiti will forever be changed because of your selfless and faithful support of the children and their futures.

**We are blessed and grateful that you have chosen to serve as part of the Project James ministry family!**
